## PIONEER

### Barcode Reader

### UC-V109BC

#### Main Features

- Built-in remote control functions for easier operation.
- Wired or wireless operation for enhanced versatility.
- Fully compatible with the LaserBarcode, LaserBarcode 2, and Bar Code CD systems.
- Command sheet with preprinted barcodes, including several new operations.
- Remote control unit capable of bidirectional output for simplified transmission.
- Ultra-compact and lightweight pen-type design.

#### Compatible Players

The UC-V109BC is compatible for wired or wireless LaserBarcode reading applications with the following LD players:

- LD-V8000 (1)
- LD-V4400 (2)
- CLD-V2400 (2, 4)
- LD-V2200 (3)

(1) These models are LB (LaserBarcode) compatible. Selected machines are also LB2 compatible. Check the front panel LB or LB2 mark to confirm compatibility.

(2) These models are LB2 compatible.

(3) This model is LB compatible.

(4) This model is Bar Code CD compatible.

#### Barcode Reader Operation

Slim, lightweight, and very easy to use, the pen-type UC-V109BC makes barcode scanning more convenient than ever before. After turning on power to the LD player and setting the disc, simply place the sensor next to the barcode you want to scan, press READ, and slide the sensor across the barcode. During wired operation, the instruction is transmitted automatically to the player, while in the case of wireless operation, you must aim the transmitter at the player's sensor and press SEND to transmit the instruction.

#### SPECIFICATIONS

##### General

Model	Barcode reader UC-V109BC
Power source	3 x type AAA (IEC R03) batteries
Weight	58g (2 oz.)
Dimensions	1-3/16 x 6-15/16 x 7/8 inches (30.5 x 176 x 23 mm)
Terminal	Control cable connection terminal ( 3.5 mini-jack)
Accessories	Control cable, operating instructions, command sheet, type AAA (IEC R03) batteries x 3
